

CODEL COATINGS

2-Year Limited Warranty

This warranty is separate from other written warranties from Codel Entry Systems. Codel Coatings warrants to the original owner against defects in material, workmanship, peeling, flaking, blistering, or cracking of finish for a period of two years from the original purchase date. Scratches, chips and rub marks caused during handling, installation, and normal operation are not considered a defect, and are therefore not covered under this warranty.

If the unit fails to perform in accordance with the above statement, provided that installation and care has been taken to insure that the door has not been abused by handling or improper installation, and has been inspected by a Codel representative, Codel Coatings, at their discretion, will fix, replace or repair said unit (not to exceed the original price of dealer).

This limited warranty is void if the unit comes in contact with harsh cleaning and/or solvent based agents. Codel Coatings excludes shipping costs, costs for installation, or re-installation which may be incurred due to a defective part or system covered in this warranty.

* WeatherGuard composite jambs are covered under this 2-year warranty period

* Primed Finger Joint (PFJ) jambs are covered for a warranty period of 1-year
